

## Grading system of the Institution

### I FAENZA 01

ISIA adopts the ECTS GRADING AND ASSESSMENT SYSTEM

The Italian University grading system is based upon a scale of thirty marks: 18 is the minimum mark to pass successfully an exam, 30 is the highest mark, and a "cum Laude" merit may also be added, which corresponds to an additional three marks. This is awarded when the test is considered exceptional.

The ECTS grading system on the other hand, may be based upon a scale of six levels, illustrated according to performance grades.

The differentiation of marks is obtained through a statistical analysis of the frequency of grades in the traditional system; the ISIA of Faenza has elaborated the following differentiation table:

<i>ECTS Grade</i>	<i>Description</i>	<i>ISIA corresponding grades</i>
<b>A</b>	excellent test result totally fulfilling the requirements	<b>30 + merit</b>
<b>B</b>	very good test result with personal re-elaboration and very few errors	<b>30 – 29</b>
<b>C</b>	good test result, with a few errors	<b>27 – 28</b>
<b>D</b>	satisfactory test result with considerable errors	<b>24 – 26</b>
<b>E</b>	satisfactory test result that only fulfils the minimum requirements	<b>18 – 23</b>
<b>F</b>	unsatisfactory test result, with totally inadequate preparation	<b>≤17</b>
